Learning from the community for the community!  
Go GLOBAL!

I extend a warm welcome to you and your family. I am very proud to be the Principal of this wonderful school. It is a privilege for me to work with our students, our staff and our families to make our school the very best it can be. With the skills, experience, and knowledge gained in all these years from various national and international exposures, my aim is to lead our school to enable us to work together to achieve our goals serving community, parents, students, teachers and nation as a whole.

We aim to create a safe, nurturing yet challenging environment that is built on positive relationships; developing the whole student – emotionally, socially and academically. We care for and appreciate each of our students as the unique individuals that they are, each with distinct talents, interests and needs, and each with differing learning styles.

We aim to provide an appealing and stimulating curriculum that is flexible and tailored to the needs of each and every student as we strive for high educational outcomes and personal bests for all of our students. Our passionate teachers will ensure our students grow in confidence and capabilities and develop the skills for the rapidly changing, 21st century living. We use innovative techniques, rich resources, proven instructional strategies and engaging programs to promote student learning. We develop in each of our students a curious, enquiring and discriminating mind, a desire for knowledge and a set of skills; linguistic, mathematical, scientific, artistic, physical, emotional and social.

We want each of our students to leave school with the values of respect, cooperation, persistence and striving for excellence underpinning all that they do. We want our students to develop responsibility for their own behavior and the choices they make, and also a communal responsibility to assist their peers to do the same. Our students become strong in self-esteem and personal expectation and develop a healthy and respectful tolerance for others.

Kathmandu Global School is a friendly, vibrant, community-minded school, whose decisions always put our students first. We are excited about all the things we will do and learn this year for what is sure to be another outstanding year and school too for our Students! As your principal, it is important to me that KGS maintains high expectations and a tradition of excellence that the community recognizes and embraces.

We look forward to meeting you soon.

Hope Your Every Single Day's a GLOBAL!
